## 3,000+

**Students**

In the last 3 months, over 3000 students have taken part in live employer engagements through our virtual and in school programmes.

## 500%+

**School Engagement**

Increase in engagement from Tees Valley Schools signing up for bespoke career programmes, designed around their timetable and curriculum.

## 35

**Career Programmes**

Over 35 programmes are planned for the remaining academic year, with some already fully booked with Tees Valley students.

## 200

**Hours with Employers**

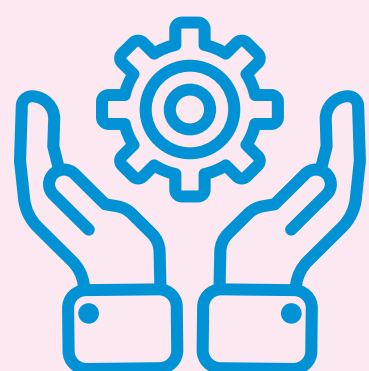

Since January 2022, we've delivered over 200 hours of live student and employer engagements with businesses from a range of sectors and sizes across Tees Valley.

## 4.5<sup>5</sup>

**Average Rating**

4.5 out of 5 is the average programme rating from the students feedback forms collected at the end of each programme.

## 8

**Business Sectors**

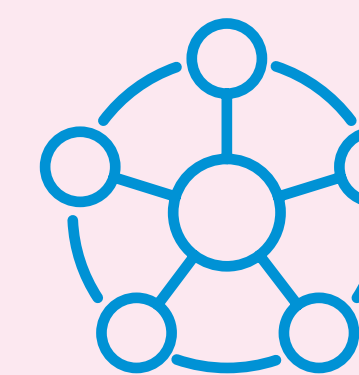

Students have engaged with employers from 8 key sectors including engineering, creative, digital, maritime, finance, manufacturing and law.

## 150+

**Online Resources**

The number of career stories, videos and downloadable resources now on our Careers Hub and new Well Being Hub for students to access free of charge.

## 3,794

**Connections**

Our growing network of social media connections from our business and education networks across Twitter, LinkedIn, Facebook and Instagram.

Connecting classrooms with careers across the Tees Valley.

# Real life results

Our inspiring and interactive career programmes connect young people with employers; opening the door to opportunities and providing a glimpse into a wide range of industries. Hear what some young people have to say about their experience.

“ Learning about chemical engineering as it gave me a better idea and prospects of a future career i may want to pursue.

Year 10 Student, 5-day Engineering VWEX

“ Before I did the High Tide work experience programme I didn't really know anything about job opportunities in Tees Valley. Now I know what I want to do and High Tide has helped me get there

Year 11 Student, Creative Insight Day

“ Because of High Tide I now know that I want to get an apprenticeship with a local company and be an Engineer

Year 9 Student, 3-day Engineering VWEX

“ My experience has provided me with amazing opportunities and allowed me to meet very influential people who have helped me to gain confidence and skills that I can take with me for the rest of my life

Year 10 Student, Law Insight Day

“ I have seen the jobs that people do and the places where they work; I have seen how valuable the River Tees is to our area and how important the port is to the region and the country

Year 9 Student, Maritime Insight day

“ The experience has increased my ambition and motivated me to pursue my career. Thanks to meeting a variety of people, I am now reassured that despite your background, as long as you're hard working you can succeed in your career

Year 10 Student, Finance Insight Day

“ It has made me confident that engineering is the area of work I would like to follow. Personally, I don't think I could have found this experience elsewhere

Year 11 Student, 3-day Engineering VWEX

“ The programme has made me more aware of what businesses look for and the benefits of both educational and apprenticeship routes

Year 10 Student, Business Insight Day

Connecting classrooms with careers across the Tees Valley.
